Postdoctoral Researcher Opportunity in Watershed Modeling

at Arizona State University

A postdoctoral position is immediately available in watershed-scale modeling as part of a joint hire between the School of Sustainable Engineering and the Built Environment and the Future H2O Initiative. The candidate will have the opportunity to interact with a broad range of researchers at ASU and beyond and the opportunity to mentor undergraduate and graduate students.

Required Qualifications:

- Applicants should have a Ph.D. in Environmental, Civil, or Agricultural Engineering, Hydrology, or related fields and be proficient or expert in watershed or water quality modeling.

Desired Qualifications:

- A successful candidate will also have demonstrated skills in geographic information systems, data analysis, coding, and have good oral and written communication skills.

Application Instructions:

The review of applications will begin immediately as they are received. To receive full and timely consideration, applications should be submitted prior to November 30, 2020. The anticipated start date is January 2021.

Please send a cover letter and current curriculum vitae to Dr. Rebecca Muenich (rmuenich@asu.edu) and Dr. John Sabo (John.L.Sabo@asu.edu).

Equal Employment Opportunity Statement:

A background check is required for employment. Arizona State University is a VEVRAA Federal Contractor and an Equal Opportunity/Affirmative Action Employer. All qualified applicants will be considered without regard to race, color, sex, religion, national origin, disability, protected veteran status, or any other basis protected by law.
