

ESSA, NFAC and the Master Mentors Present:  
**Promising Practices for Effective  
Student Mentorship:  
Learn, Practice, Lunch**

Friday, April 16, 2021, 12:00-2:00 PM  
**Register Here** to attend this online event

This workshop will provide context and background about the student experience, give practical tips on how to best support students and provide an opportunity to apply these practices in a learning environment. Special attention will be given to acknowledging how student identity influences their experience and to approaches for supporting student mental health, generally and given the impact of COVID-19 on students and mentors. The last 30 minutes of the workshop is an optional format to discuss specific mentorship questions or concerns. Grubhub lunch provided.
