Employer: ARCO a Family of Construction Companies
Division (if identified):

Website: https://thearcoway.com/

Company Career Fair Message:

As a co-op, you will be exposed to every phase of the design/build construction process and play a vital role as a member of a project team. Working directly alongside Project Managers, our co-ops are constantly learning and building a foundation for a successful career in the construction industry. The skills forged during your time as a co-op will make you a valuable asset to any construction team- but the relationships and culture will inspire you to join ours.

Employer: Arizona Department of Transportation
Division (if identified): Central District

Website: https://azdot.gov/about/careers-adot

Company Career Fair Message:

The purpose of the Engineer-In-Training (EIT) program is to invest in the development of future leaders for the Arizona Department of Transportation. This program will allow EIT’s to gain practical training and hands-on experience that will help to meet educational goals and prepare them for professional careers. This two-year program offers an opportunity for engineers to enter as a Transportation Engineering Specialist. For 24 months, all EIT’s will be challenged with various opportunities, insight, and training while gaining experience working under registered professionals and paraprofessional staff members. ADOT’s Transportation Intern Program provides an excellent opportunity to gain practical, hands-on work experience and to earn money while studying to become a professional in the transportation industry. Jobs are open to students majoring in civil engineering, construction engineering, construction management, environmental engineering, sustainability, and urban planning. Options include: Roadway Design, Project Management, Construction, Maintenance, Bridge Design, Geotechnical Engineering, Contracts and Specifications, Environmental Planning Group, Materials Group, Multimodal Planning Division, Drainage Design, Pavement Design, Roadside Development, Survey, Traffic Engineering, Transportation Systems Management and Operations, ITS/Signal Systems Maintenance, Systems Technology/Traffic Operations Center, Traffic Safety, Right of Way, and Utilities & Railroad Group.

Employer: Sukut Construction
Division (if identified):

Website: http://www.sukut.com

Company Career Fair Message:
We are looking to identify talent to join us in our summer internship program. Our internship program was developed to help expose the student to all aspects of our company. Interns are provided with meaningful work to help them learn what working in the construction industry is all about. We believe this approach will give students and invaluable experience for their future.
