School of Sustainable Engineering and the Built Environment

Report of Dissertation Proposal/Prospectus

The student must successfully complete the doctoral comprehensive/qualifying examination and the results must be on file in the iPOS before the submission of the dissertation proposal/prospectus results may be entered. However, students may submit the forms for both comps and dissertation proposal prospectus at the same time. The student will be advanced to candidacy after successful completion of the dissertation proposal/prospectus.

Instructions:

- Part I: The student completes Part I and submits the Report to the Academic Unit following all academic unit deadlines and procedures.
- 2. **Part II:** After the prospectus, the prospectus committee chair completes Part II.
- Part III: The prospectus committee completes Part III by signing the form and indicating their votes of Passed or Failed.
- Submission: The completed Report should be submitted immediately to the advising office, College Avenue Commons, Suite 437. Please do not submit this form until all required prospectus results have been entered on this form
